

Learn to Skate

Summer 8 – August 2025

At Peconic Ice Rinks, we have a class for EVERY skater! Our Highly qualified and certified instructors, small class sizes, and fun-filled learn to skate program will help every skater progress at his/her own pace.

Peconic Ice Rinks uses the ISI Learn to Skate Program Curriculum. ISI (Ice Skating Industry) is a pioneer in skating development. Children begin in a Tots or Pre Alpha class and gradually progress through our secondary and advanced levels to further their skating development. We also have classes for adults of all levels, from beginner skaters who have never been on ice before to those who are more advanced!

All Learn to Skate classes include unlimited practice time on Public Sessions for FREE during the class semester. Please Check in at Front Desk.

See the reverse side for class levels and times. Schedule subject to change.
